

Preliminary Examination		
<b>Planning Reference:</b>	P8/22/05	
<b>Site location:</b>	Parkmore, Roscrea, Co. Tipperary	
<b>Proposed Development:</b>	<p>The proposed active travel scheme is located circa 1km south of Roscrea town centre. The project involves the construction of a 4m wide walking and cycling facility on the south side of the existing R445 in Roscrea.</p> <p>The site boundary extends from the Limerick road roundabout along the R445 within the southern verge to the Templemore Road roundabout.</p>	
Examination		
	Yes / No/ Uncertain	Comment
Is the size of the development exceptional in the context of the existing environment?	No	Development small in scale relative to mandatory EIA threshold
Is the proposed development located on, in, adjoining, or have the potential to impact on a sensitive site or location?	No	Site carries no environmental designations. No Natura 2000 site within 1km
Will the development result in the production of any significant waste, or result in emissions or pollutants?	No	No significant operational impacts anticipated to arise from the development
Conclusions		
Based on a preliminary examination of the nature, size or location of the development, is there a real likelihood of significant effects on the environment? Development small in scale relative to mandatory EIA threshold.		
There is no real likelihood of significant effects on the environment	EIAR not required	√
There is significant and realistic doubt in regard to the likelihood of significant effects on the environment	Screening Determination Required	
	Schedule 7A information required?	
There is a real likelihood of significant effects on the environment	EIAR is required
