Submission Text: To whom it may concern,

I would like to put in a submission in relation to the draft Clonmel and Environs Local Area Plan 2024-2030.

The rural housing policy in the draft plan does not align with the current County Development Plan.

One off housing in the town and Environs should have a social housing need and align with the current County Development Plan.

We are concerned that the current draft plan would not facilitate our friends who have been trying to get planning permission near their family home and have a genuine social and housing need.

Local people should be allowed to build near their parents and assist them or a family member who has additional needs.

I feel people should be allowed to build near their family landholding and settle in their own community.

I hope that you consider my submission.
