Eircode: [REDACTED]
County: [REDACTED]

Submission Text: As a Sports Club based on the upper island in the River Suir, Clonmel Rowing Club is one of the oldest Athletics Clubs in the Country. Over 200 members represent Clonmel nationally and internationally at competitive events. At home, however, we are quite isolated and restricted in our location. We feel that there may be some synergy in promoting our activities and developing our island in line with the Town LAP, not unlike the upcoming exciting plans for Suir Island. This could make our sport more inclusive and provide a positive addition to recreational and tourism aspects to the town. We're not entirely sure what these may be, but we ask that when developments around the River, tow path and Suir island are being considered that the upper island would also be considered as to how we might be included in the overall plan for the Suir and its environs within the town boundaries.
