Submission to Draft Clonmel & Environs LAP  
2024 - 2030

To Whom It May Concern,

We wish to highlight our concerns around the policy for one off housing in Clonmel and it's Environs.

We are calling for the Clonmel & Environs LAP2024 - 2030 to align with the County Development Plan and for one off housing in Clonmel and it's Environs to include a social need.

We feel that descendants should be allowed build in the area they are from.

I am concerned that the current draft plan would not facilitate [redacted]  
(planning reference [redacted]) to build near [redacted]  
People are the lifeblood of every community and parish and the local authorities should facilitate their wish to live in their own communities.

We have witnessed how difficult the planning process has been for [redacted] over the last five years and we know being able to build in [redacted] will make a huge difference to their lives.  
We therefore hope the new LAP will include a social need and that [redacted] will be successful in their application this time around.

Kind regards,
