Re: Submission on the Draft Clonmel Area Plan 2024 - 2030 - Infrastructure, Energy and Utilities 8.0

I wish to make a submission regarding section 8.0 Infrastructure, Energy and Utilities having specific regard to sub section 8.2.1 Clonmel Water Supply of the Draft Clonmel Area Plan 2024 - 2030. The residents and businesses of Clonmel are constantly experiencing problems with the towns water supply. I would ask that Tipperary County Council would again engage with officials in Úisce Éireann with a view to carrying out independent investigate works with a view to seeing if there are any possible solutions that can be explored to alleviate these interruptions in both the short and long term. I would also ask that these investigations would include the possible indefinite retention of the Poulavanogue Water Treatment Plant.
