Eircode: [Redacted]

County: [Redacted]

Submission Text: In my opinion grass cutting and grass collection should be more regular in our housing estates during the summer , also to promote fishing in our rivers and streams, promote our local golf clubs and HillView Sports Club as a way of attracting tourists to the area , more signage promoting the blue way and also More community policing on the Blueway to combat anti social behaviour, essential to redevelop market place in clonmel as well as the old Clonmel Arms Site.

More active use of our new Kickam Plaza for summer concerts and perhaps move farmers market to the Plaza
