Submission to Draft Clonmel & Environs LAP
2024 - 2030

To Whom It May Concern,

I wish to highlight my concerns around the policy for one off housing in Clonmel and its Environs.

I am calling for the Clonmel & Environs LAP2024 - 2030 to align with the County Development Plan and for one off housing in Clonmel and its Environs to include a social need.

I feel that descendants should be allowed build in the area they are from.

I am concerned that the current draft plan would not facilitate our neighbour [REDACTED] to build near [REDACTED]. People are the lifeblood of every community and parish and the local authorities should facilitate their wish to live in their own communities.

I hope our neighbours [REDACTED] will be successful in their application.

Kind regards,
