Subject: Draft Submission Nenagh Local Area Plan

Date 04/09/23

[REDACTED] (the creator of the climate stripes) said ^{bb} "It is a statement of fact, we cannot be any more certain, it is unequivocal and indisputable that humans are warming the planet!"

The many areas that climate change affects are:
You and Your Health
Your Home and Local Area
Natural Habitats

Because of the aforementioned, The Draft Nenagh Local Area Plan needs to be, seriously, discussed.

The Built Environment of Nenagh has to be improved in order to mitigate and adapt to future climate challenges.

No one expected to experience Covid-19 pandemic. More pandemics cannot be ruled out.

The Active Travel Scheme, an example of which is Saint Conlon's Road at M^cDonagh Park, would have been beneficial to the person's mental and physical health during Covid lockdown, and avoid many lifestyle diseases, which, now, account for too many, early, deaths.

The Town Circulation Plan and the Active Travel Scheme are two examples where the Local Authority has re-designed / re-imagined the Built Environment to give better health, better safety and better air quality.

The proposals put forward by the Local Authority as part of the
