*December 2022*

## **Clonmel CCTV System.**

### **1.0 Introduction**

- 1.1 Tipperary Co. Council in association with An Garda Síochána are considering the installation of a new Closed Circuit Television System in Clonmel to replace and extend the existing Garda Town Centre CCTV system and to provide CCTV coverage in Davis Road Car Park, Kickham Barracks, Suir Island Car Park and Heywood Road. It is also proposed to incorporate the existing CCTV cameras in Elm Park and Cooleens Close into the new system.

### **2.0 Clonmel CCTV System Objectives;**

- 2.1 The main objectives of the Clonmel CCTV system are to;
1. Provide a deterrent to crime and anti-social behaviour.
  2. Improve public safety.
  3. Assist emergency services when investigating an incident.
  4. Gather evidence for the detection and prosecution of persons who may have been involved in criminal activity.
  5. Assist the Local Authority in the management of public areas which is essential to the commercial wellbeing of the town.

### **3.0 Proposed Camera System.**

- 3.1 The proposed system will consist of a combination of multi-sensor cameras, fixed lens dome cameras, fixed lens bullet cameras and pan-tilt & zoom cameras. The total number of new CCTV cameras required for the Clonmel CCTV System is 52 i.e.
- 4 x 4 lens multi-sensor IP cameras,
  - 11 x 3 lens multi-sensor IP cameras,
  - 35 x outdoor dome IP cameras.
  - 2 x Pan-Tilt & Zoom cameras.

The total number of existing CCTV cameras to be incorporated into the new system is 34 i.e.

- Elm Park- 28
  - Cooleens Close - 6.
- 3.2 The system will provide CCTV coverage of Clonmel Town Centre and adjoining areas in line with Tipperary County Council and Garda Síochána requirements.
- 3.3 All cameras will be linked by a wireless transmission system to a CCTV server which will be based at Tipperary County Council Civic Offices, Emmet Street, Clonmel, Co. Tipperary.
- 3.4 Tipperary County Council will be the Data Controllers for the CCTV system and will manage all Data Protection/GDPR matters related to the system.
- 3.5 An Garda Síochána, Clonmel will be provided with a live link to the system.

### **4.0 Clonmel CCTV System – Proposed Layout.**

Location Number	Camera No.	Camera Type	Camera Field of View	GPS Co-ordinates.

## 5.0 Summary of Proposed CCTV System.

5.1 The total number of **new** CCTV cameras proposed for Clonmel is **52** i.e.

- 2 x PTZ cameras – Town Centre. (New)
- 11 x 3 Lens Multisensor Cameras - Town Centre. (New)
- 4 x 4 Lens Multisensor Cameras – Town Centre (New).
- 2 x Fixed Lens Dome Cameras - Town Centre (New).
- 12 x Fixed Lens Dome Cameras - Suir Island. (New)
- 5 x Fixed Lens Dome Cameras - Davis Road Car Park. (New)
- 5 x Fixed Lens Dome Cameras - Heywood Road. (New)
- 11 x Fixed Lens Dome Cameras - Kickham Barracks. (New)

5.2 The total number of **existing** CCTV cameras to be re-utilised in the proposed new CCTV system in Clonmel is **34** ie. - all existing CCTV cameras in Elm Park & Cooleens Close.

5.3 Overall total = 86 cameras.

**6.0 – Overview Map Showing CCTV camera Locations.**

## 5<sup>TH</sup> GENERATION NETWORK VIDEO RECORDERS

The fifth-generation Avigilon Network Video Recorder (NVR5) delivers unparalleled, high-performance recording, throughput, data availability, and protection for your Avigilon video security system. Featuring the densest storage capacity Avigilon has to offer on a single NVR, security teams can scale up to petabytes of storage at a single location, with up to 432 TB in storage per NVR. All NVR models come optimized with RAID technology, hot-swappable drives, and a five-year Avigilon warranty with dedicated support to increase system uptime and availability.

NVR5 FRM (252-432 TB)

NVR5 FRM (192-224 TB)

NVR5 STD (16-64 TB) and  
NVR5 FRM (96-160 TB)

|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  <p><b>FLEXIBLE &amp; SCALABLE TIER-1 STORAGE</b><br/>NVR5 offers flexible configurations for security teams to cost-effectively scale up to 432 TB in tier 1 storage capacity and tailor it to their unique retention requirements.</p>           |  <p><b>HIGH DATA AVAILABILITY</b><br/>Reliable storage with RAID-configured redundancy offers a highly available and resilient system that protects your data. All our STD &amp; FRM models include reliable hard drives with RAID 6/60 redundancy to tolerate up to 2/4 hard drive failures.</p>                                                    |
|  <p><b>LOWER DEPLOYMENT COSTS WITH QUICK &amp; SIMPLE DEPLOYMENT WITH ACC PRE-CONFIGURED</b><br/>The NVR5 comes pre-configured with ACC software for secure network video recording and management of Avigilon cameras up to 61 MP resolution.</p> |  <p><b>INCREASE SYSTEM UPTIME &amp; PRODUCTIVITY</b><br/>Sites that have connected to the cloud and subscribed to advanced system health<sup>1</sup> can take advantage of system health monitoring to increase system availability, streamline maintenance time and minimize on-site service calls.</p>                                             |
|  <p><b>RESPOND FASTER WITH AI-POWERED ANALYTICS SUPPORT</b><br/>Security teams can respond faster to critical events with the NVR5's seamless support for Avigilon Appearance Search, Facial Recognition, and LFR technologies.</p>                |  <p><b>RESOLVE TECHNICAL ISSUES EXPEDIENTLY WITH A SINGLE-POINT-OF-CONTACT</b><br/>In addition to lifetime 24/7 Avigilon telephone technical support for the Avigilon End-to-End solution, five-year onsite parts and repair service is also included with 24/7 4-hour response SLA<sup>2</sup> for NVR5 FRM, or Next Business Day for NVR5 STD.</p> |
|  <p><b>STRENGTHEN CYBERSECURITY</b><br/>Designed with cybersecurity in mind, the NVR5 comes with a TPM 2.0 module built-in to support hardware Root of Trust authentication and data encryption.</p>                                               |  <p><b>EASY RECOVERY SOLUTION</b><br/>Designed with a separate and redundant array of Solid-State Drives for the operating system (FRM and STD), with a built-in recovery partition to simplify the recovery process, if needed.</p>                                                                                                                 |

<sup>1</sup> On NVR5 FRM 252-432 TB, ACC7.14.8 or later is required for full advanced system health functionality.

<sup>2</sup> Warranty coverage and support Service Level Agreement is subject to end user's geographic location. Please refer to <https://www.avigilon.com/support/warranty/avigilon> for more information.

## H5SL Camera Line

2 MP

3 MP

5 MP

### Features

#### UNUSUAL MOTION DETECTION

Uses AI to notify you of unusual events that might otherwise have been missed, offering increased situational awareness and helping you effectively monitor more cameras.

#### LIGHTCATCHER™ TECHNOLOGY

Offers exceptional detail in areas with low lighting.

#### DUAL EXPOSURE WIDE DYNAMIC RANGE

Capture details in scenes with both very bright and dark areas.

#### ONVIF® COMPLIANT

Built on an open platform to allow integration with other security solutions.

#### MULTIPLE LENS OPTIONS

Choose from various lens types, including long zoom, for flexible coverage options.

#### H.265 WITH HDSM SMARTCODEC™ TECHNOLOGY

Optimizes compression levels for regions in a scene to help maximize bandwidth savings, helping to keep internet connectivity costs down.

#### ADAPTIVE INFRARED (IR)

Automatically adjusts IR beam width and exposure settings based on scene conditions to help maximize image quality.

#### RELAY I/O CONNECTIONS

Incorporate and configure input/output actions and alarms for fast event response.

#### MADE IN NORTH AMERICA AND 5 YEAR WARRANTY

Manufactured in North America\* using globally-sourced materials and North American expertise, Avigilon stands behind the quality of its products. Backed by a 5 year warranty.

# H5A PTZ CAMERA

2MP

The Avigilon H5A Pan-Tilt-Zoom (PTZ) camera brings wide area coverage, high-speed movement and long range, evidentiary detail for security operators to monitor large areas with ease. As an Avigilon H5 platform camera, the H5A-PTZ camera is embedded with Next-Generation Video Analytics for enhanced object detection and classification, Unusual Activity Detection (UAD), along with support for Facial Recognition technology and Avigilon Appearance Search™ technology to help ensure critical events do not go unnoticed.

## FEATURES

### NEXT-GENERATION VIDEO ANALYTICS

Detects more objects with expanded object classifications and greater accuracy for faster responses, even in crowded scenes.

### H.264 AND H.265 WITH HDSM SMARTCODEC™ TECHNOLOGY

Optimizes compression levels for regions in a scene to help maximize bandwidth savings and keep internet connectivity costs down.

### LIGHTCATCHER™ TECHNOLOGY

Offers exceptional detail in areas with low lighting.

### ONVIF® COMPLIANT

Native ONVIF Profile S, T, and G compliance allows easy integration with existing ONVIF infrastructures.

### EASY TRANSITION FROM H4 PTZ TO H5A-PTZ

Field-replaceable parts allow for an easy transition from H4 PTZ cameras to H5A-PTZ cameras.

ONVIF is a trademark of Onvif, Inc.

### LONG RANGE DETAIL

2 MP with 36x zooming capabilities sets a new standard for high-performance 36x PTZ cameras with greater evidentiary detail.

### WATER, IMPACT AND ENCLOSURE RATED

IP66/67 rating for water resistance, IK10 impact rating for vandal resistance and NEMA 4X enclosure rating for windblown dust, water (e.g. rain, hose-directed water), and corrosion resistance.

### TRUE WIDE DYNAMIC RANGE

Captures details in scenes with both very bright and dark areas.

### FIPS 140-2 COMPLIANT

Brings increased data security with FIPS-compliant cryptography enabled on cameras<sup>1</sup>.

### WIDE AREA COVERAGE

Provides 360° zoomable views in high resolution to monitor large areas with ease.

<sup>1</sup> Optional purchase of FIPS Level 1 camera license or CRYPTOR microSD hardware-based encryption and key management for FIPS Level 3 support and certification.

# H4 Multisensor Camera Line

## You're Covered from All Angles

The H4 Multisensor camera line combines Avigilon self-learning video analytics with exceptional coverage, featuring three or four individually adjustable camera sensors that can be positioned to monitor virtually any area.

### Avigilon Self-Learning Video Analytics

Exceptional efficiency when monitoring and reviewing video with excellent coverage from a single camera.

### Up to 32 MP Total Resolution

Provides exceptional coverage and image detail by combining the power of three or four multi-megapixel camera sensors.

### Content Adaptive IR Technology

Provides up to 30 meters (100 feet) of consistent lighting and exceptional imaging in low light conditions.

### Open, Standards-Based Interoperability

ONVIF® Profile S and Profile T compatible to support new encoding formats and image settings.

180° Coverage

270° Coverage

360° Coverage
