RE: Clonmel local area plan-material alterations.

Dear Sir/Madam,

As a local councillor for the Clonmel borough district I would like to make the following submission on behalf of the [REDACTED] who have contacted me with they're serious concerns.

The submission by [REDACTED] in relation to a proposal for an additional 3 housing units at [REDACTED] contravenes all understandings and assurances given to the resident of the [REDACTED] Clonmel regarding any future development on this site, The [REDACTED] were given assurances at the time of construction of the existing 3 housing units that no further [REDACTED] would be permitted in the area.

The residents request the planning executive when considering the material alterations to the Clonmel local area plan to respect the prior agreement reached between the borough council and the [REDACTED]

Yours sincerely,

Cllr. Pat English.
