1.0 Introduction

1.1 Context

On 12 February 2024, Elected Members of Tipperary County Council resolved to make:

- the Clonmel Local Area Plan 2024-2030 (“the Clonmel LAP”)
- the Nenagh Local Area Plan 2024-2030 (“the Nenagh LAP”); and
- the Thurles Local Area Plan 2024-2030 (“the Thurles LAP”).

The Planning and Development Act 2000 (as amended) (“the Act”) sets out that a Local Area Plan (LAP) will have effect 6 weeks from the date that it is made. This means that these LAPs will have effect on 25 March 2024. On that date:

- the Clonmel LAP will replace the Clonmel and Environs Development Plan 2013 (as varied and extended) (“the Clonmel TDP”);
- the Nenagh LAP will replace the Nenagh Town and Environs Development Plan 2013 (as varied and extended) (“the Nenagh TDP”); and
- the Thurles LAP will replace the Thurles Town and Environs Development Plan 2013 (as varied and extended) (“the Thurles TDP”).

The Record of Protected Structures (RPS) for structures within Clonmel, Nenagh and Thurles are within the Clonmel TDP, Nenagh TDP and Thurles TDP respectively. As Local Area Plans do not have an RPS, it is necessary to include the structures currently contained with the existing Records of Protected Structures for each town into the RPS for the Tipperary County Development Plan 2022-2028. In doing so, the protected status of the structures within the towns will be maintained. Including these structures within the RPS of the Tipperary County Development Plan 2022-2028 represents ‘Proposed Additions’ to this RPS.

In addition, 10 further structures, which are not currently on an RPS, are proposed to be added to the RPS of the Tipperary County Development Plan 2022-2028. These are set out in the Section 2.

1.2 Legislative Background and Requirements

Section 54 of the Act states that a Planning Authority may add or delete from its record of protected structures whilst Section 55 of the Act sets out the processes for doing so. The Planning Authority must undertake the following processes, including:

- (i) servicing notice on owners / occupiers of structures;

- (ii) send particulars of proposed additions to the responsible Minister and other prescribed bodies; and
- (iii) advertise the proposed additions in at least one newspaper within its functional area.

1.3 Public Consultation

Section 55 of the Act sets out the requirements for local authorities in undertaking public consultation. The Proposed Additions are available to view online at:

- <https://consultations.tipperarycoco.ie>

and in hard copy at the Planning Offices of Tipperary County Council at:

- Planning Department, Tipperary County Council, Civic Offices, Limerick Road, Nenagh, Co Tipperary, E45 A099
- Planning Department, Tipperary County Council, Civic Offices, Emmet Street, Clonmel, Co Tipperary, E91 N512.

The Proposed Additions are available to view and make observations on from Friday, 15 March 2024 to Friday, 03 May 2024 during normal opening hours. Submissions or observations must be made in writing no later than **4.00 p.m. on Friday, 3rd May 2024**. Late submissions will not be accepted.

1.4 Reading this Document

Sections 2 and 3 of this Document sets out each of the 'Proposed Additions'. Section 2 sets out the 'Proposed Additions' that **are not** currently on any Record of Protected Structures and are therefore new structures that would have protection if added to the list. Section 3 sets out the 'Proposed Additions' that **are** currently on any Record of Protected Structures and if added to the list, the protection afforded these structures currently, would be maintained.

1.5 Next Steps

After the consultation period ends on 3 May 2024, the Planning Authority will prepare a report considering submissions and observations received, as well as any observations from the Minister. This report will be provided to Elected Members for their consideration. At the plenary meeting of council on 8 July 2024, the Council will decide whether the Proposed Addition(s) should be made. Within 2 weeks of the 8 July 2024, the Planning Authority must serve notice on the owner / occupier of the structure concerned of the addition to the RPS, including particulars.
