Draft Carrick-on-Suir & Environs Local Area Plan 2025 – 2031

Appendix 7: Town Centre First Plan

A new Town Centre First (TCF) Plan is currently being prepared for the town centre of Carrick-on-Suir under the National Town Centre First Policy (DRCD, 2022) through the support of funding awarded under the Town Centre First Suite of Supports 2024 Measure 2: Town Centre First Plan. This TCF plan will be central to inform the future direction of the town and the associated priority investment interventions that will be supported through the various TCF-aligned funding streams. A consultation process has been completed over the past number of months on the TCF Plan and is due to be completed in advance of the consideration of the Draft Carrick-on-Suir LAP in February 2025. The TCF plan will then be introduced into the Carrick-on-Suir LAP 2025-2031 at Material Alterations stage as Appendix 7 to the LAP (a four-week period of consultation will be carried out in February / March 2025 on Material Alterations to the Draft LAP).
